WORK EXPERIENCE

JPMorgan Chase & Co

2022 - Present

Vice President – CCB Risk Product Delivery

Wilmington, DE, USA

- As a Product Owner, led product discovery efforts and built comprehensive roadmaps for the Risk Decisions team, focusing on various auto and credit risk initiatives.
- Managed cross-functional teams, translating product strategy requirements into tangible technical deliverables while carefully defining product trade-offs and fostering stakeholder relationships to drive product success.

Accenture

2018 - 2021

Senior Analyst (Application Development) - Amadeus AO

Bengaluru, India

- Led the billing team of a European travel platform Amadeus for ETL, analytics and reporting of payments. Worked with France and Spain offices to build application platform to analyze and process complex sales datasets.
- Designed OKRs and developed predictive models in Python to forecast the future client transactions and identify KPIs. Deployed the insights using Tableau dashboards.

Infosys Limited

2014 - 2018

Senior Systems Engineer/ Analyst - Volvo Cars

Bengaluru, India

- Managed end-to-end project development for global sales and accounting program, translating complex business requirements to well-defined technical projects.
- Developed the roadmap and built a complex data pipeline for SAP warehouse transaction management working with cross-functional teams.

Poolka Technologies

2012 - 2014

Cofounder

Bengaluru, India

Poolka provides scalable visual recognition APIs to developers & businesses.

- Designed the product vision, strategy and collaborated with engineering teams to build Fairi, a fashion assistant chatbot that provides fashion recommendations based on social media trends.
- Selected for **Microsoft Bizspark** and **IBM Global Entrepreneur Program**.
